Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On July 14, 2017, a subsidiary of Griffin Industrial Realty, Inc. (“Griffin” or the “Registrant”) closed on the refinancing of its nonrecourse mortgage loan (the “Existing Loan”) with Berkshire Bank (“Berkshire”) that was collateralized by 100 International Drive (“100 International”), an approximately 304,000 square foot industrial/warehouse building in New England Tradeport, Griffin’s industrial park in Windsor and East Granby, Connecticut. 100 International is fully leased to a tenant that recently entered into an amendment to extend its lease through July 31, 2025, six years beyond the original lease expiration date.

Immediately prior to the refinancing, the Existing Loan had a balance of approximately \$10.1 million with a maturity date of February 1, 2019. The refinanced mortgage loan (the “New Loan”) is for \$10.6 million, has a ten year term with principal payments based on a twenty-five year amortization schedule and is collateralized by 100 International. The New Loan has a variable interest rate based on the one-month LIBOR rate plus 2.05%, but Griffin entered into an interest rate swap agreement with Berkshire that effectively fixes the interest rate on the New Loan at 4.39% over the term of the New Loan. The Existing Loan had a variable interest rate that was effectively fixed at 6.35% through an interest rate swap agreement with Berkshire. Griffin paid approximately \$0.3 million at closing to terminate the interest rate swap agreement on the Existing Loan. The excess proceeds from the loan refinancing were used to pay for the termination of the interest rate swap agreement on the Existing Loan and other transaction costs related to the refinancing.

Item 7.01. Regulation FD Disclosure

A copy of Griffin’s July 17, 2017 press release announcing the closing of the New Loan is attached as Exhibit 99.1.
