On March 29, 2018, a subsidiary of Griffin Industrial Realty, Inc. (“Griffin” or the “Registrant”) closed on a construction to permanent mortgage loan (the “Loan”) with State Farm Life Insurance Company that will provide up to \$13.8 million to finance a significant portion of the cost to construct an approximately 234,000 square foot build-to-suit industrial/warehouse building (the “Building”) in New England Tradeport, Griffin’s industrial park in Windsor and East Granby, Connecticut. The Loan will initially function as a construction loan, with Griffin drawing funds as construction of the Building progresses. Upon completion of the Building and commencement of rental payments by the Building’s tenant (see below), the Loan will convert to a fifteen year permanent nonrecourse mortgage loan. The interest rate on the Loan is 4.51%. Payments under the Loan during the construction period will be for interest only. Upon conversion to a permanent nonrecourse mortgage loan, in addition to the payment of interest, monthly payments for principal, based on a twenty-five year amortization schedule, will begin. The Loan may be increased by up to approximately \$0.5 million if the tenant opts to have additional improvements made to the Building. Griffin expects construction of the Building to be completed in the second half of fiscal 2018, with conversion to a permanent nonrecourse mortgage loan in fiscal 2019. In fiscal 2017, Griffin entered into a long-term full building lease with an investment grade company that intends to use the Building for the distribution of automotive parts.
